

**THE CITY OF REDONDO BEACH ISSUES THE FOLLOWING NOTICES FOR
THE 6th CYCLE DRAFT 2021-2029 HOUSING ELEMENT:**

**(1) NOTICE OF INTENT TO ADOPT AN INITIAL STUDY/NEGATIVE DECLARATION
(IS/ND);**
**(2) NOTICE OF PUBLIC HEARING BEFORE THE CITY COUNCIL OF THE CITY OF
REDONDO BEACH**

This serves as an additional City of Redondo Beach's (City) Notice of Intent to adopt an Initial Study/ Negative Declaration for the City's 6th Cycle Draft 2021-2029 Housing Element, prepared in accordance with the California Environmental Quality Act (CEQA), CEQA Guidelines, and local implementation procedures.

Name of Project: City of Redondo Beach's 2021-2029 Housing Element

Project Location: The 2021-2029 Housing Element addresses the entire City of Redondo Beach, in Los Angeles County

Lead Agency: City of Redondo Beach, 415 Diamond Street, Redondo Beach, California 90277

Project

Description: The 2021-2029 Housing Element provides a framework for meeting the housing needs of existing and future resident populations within the City based on the Regional Housing Needs Allocation (RHNA) of 2,490 units within the City limits. While the RHNA allocation is 2,490 units, when accounting for a credit of 451 units and 240 anticipated ADUs, the total need with a 10% buffer for affordable housing is 1,944 units. The 2021-2029 Housing Element identifies strategies and programs to conserve and improve existing affordable housing; provide adequate housing sites; assist in the development of affordable housing; remove governmental and other constraints to housing development; and promote equal housing opportunities in a strategic manner. The 2021-2029 Housing Element proposes additional residential densities within mixed-use designations, residential recycling, residential overlays in commercial and industrial zones, and residential development on religious properties through coordination with nonprofit organizations. Since this is a policy document, the land use designations and zoning amendments associated with the 2021-2029 Housing Element are not under consideration at this time and the amendments will be processed as part of the City's ongoing and separate update to the Land Use Element of the General Plan (PLANRedondo). (The 2021-2029 Housing Element stipulates that the City must complete the land use and zoning amendments by November 2023 as part of PLANRedondo.) In addition, due to the nature of the project being a policy document with no physical development at this time, effects relative to hazardous waste sites listed under Government Code Section 65952.5 would not occur.

The City proposes to adopt a Negative Declaration for the above-cited project. The Negative Declaration is based on the finding that the project would not have any significant environmental impacts and as such, does not require any mitigation measures. The reasons to support such a finding are documented by an Initial Study prepared by the City.

A public review and comment period began on August 5, 2021 and concluded on September 3, 2021. Comments on the Draft Housing Element and the IS/ND were accepted by the City during that time. The Planning Commission considered the Draft Housing Element and IS/ND at a public hearing on September 16th, 2021, and recommended that the City Council adopt the documents.
